PREMIUM INDONESIAN RAW COCONUT SHELL CHARCOAL

NATURAL • HIGH CARBON • EXPORT QUALITY

PRODUCT OF INDONESIA

Our raw coconut shell charcoal is made from 100% natural coconut shells sourced from Indonesia's abundant coconut plantations. It is a high-carbon, low-ash, premium quality charcoal, widely used for fuel, industrial applications, activated carbon raw material, and briquette raw material. Carefully processed and naturally produced, our coconut shell charcoal meets international market standards and is ready for global export.
